The committee continues to work diligently on reviewing and revising the current DBC courses. Focusing on creating exemplary courses for those looking to become accredited coaches has meant the committee is reworking the previous 3 courses (Steering, Community, Competitive) into 5 courses (Instructor/Steering, Level 1, 2, 3 and 4 Coaching). Each course will have an accompanying PowerPoint to be used by the Course Facilitators. In order to ensure continuity, these courses will be released for registration once all are complete.

The Committee has also been working on a Facilitator Manual, outlining expectations of Course Workshops, as well as a resource for future Facilitators.

We greatly appreciate the creative ideas that the current Facilitators have used in order to present Workshops throughout this pandemic, ensuring that those wanting to, were able to become accredited.
