

Rob Varnel

I began paddling in 1980 when I started Marathon canoe racing.

In 1986 this evolved to include Dragon Boat as well as Outrigger canoe racing. I have continued to enjoy paddling ever since and have raced in multiple countries around the world. I have run my own business in the printing industry since 1994.

I first joined the Board of Directors of DBC in 2008 as a Western Regional rep. This evolved into the VP for the Western Region. I have served on several committees and enjoy my time spent serving the Dragon Boat community. I look forward to my next term on the board.
